I have two polaris jet skis. Both are 2003  
(one freedom and one virage). I recently  
purchased both. They had low hours  
37.5 when purchased. They both were  
running fine for the first 6-8 hrs I put on  
them. Recently (last time out) the virage  
had some trouble.

2003 Polaris Virage 700 Storage When it comes time to put your four-stroke personal watercraft into seasonal storage, don't forget to stabilize the gas. Gasoline can break down in as little as 30 days and form varnish and sludge that clog fuel passages. Your engine then becomes difficult to start and runs poorly.
