**Leininger's theory of nursing:
cultural care diversity and ...**

Culture Care Diversity refers to the
differences in meanings, values, or
acceptable forms of care in or between
groups of people. Culture Care
Universality refers to common care or
similar meanings that are evident
among many cultures. Nursing is a
learned profession with a disciplined
focus on care phenomena.

**Leininger's Culture Care Theory -
Nursing Theory**

Cultural Diversity is defined as variations
in each culture. In acknowledging these
differences, the nurse is able to avoid
stereotyping and assume that all clients
will respond to nursing care in the same

Worldwide Nursing Theory
manner. Culture Universality on the
Other hand, pertains to the similarities.

Theory Of Culture Care Diversity And Universality Term ...

The theory of culture care diversity and universality rises from a transcultural point of view in human care. "It provides a holistic rather than a fragment view of people." (George, 2002) This Model extends to everyone that belongs to a culture and/or subculture. In addition, the model is relevant to any cultural situation.

Theory of Culture Care: Diversity and Universality

Cultural Care Diversity and Universality a theory of nursing formulated by Madeleine M. leininger, which evolved from her study of nursing and anthropology and her clinical experiences; it recognizes culture as a missing link in nursing knowledge and practice.
