Remove the screws along the inside edges of the front panel. Depending on your Frigidaire dryer, there will either be two or four screws. Tilt the top of the front panel toward you and lift it up to release the lower spring clips. Unplug the door switch wiring harness and slide the front panel off to the side.

How to Open a Frigidaire Front Loading Dryer | Hunker

Also known as a Door Boot Seal and is used in front load washers. This part is used to keep the clothes inside the tub during the wash cycle. The folds in the bellow allow the tub to move separately from the door during the spin cycle. NOTE: This part has been redesigned by the manufacturer and is interchangeable with the old design.
