Washington state formally adopted the Mathematics and English Language Arts K-12 Learning Standards, also referred to as "the standards." Assessments for these standards began in the 2014-15 school year. Overview These standards describe what students should know and be able to do at each grade level. Common Core State Standards for Mathematics Explore the Common Core State

Mathematics K-12 Learning Standards | OSPI

Welcome to K-12 Math! Today's mathematics calls for more than memorization of facts and formulas. Students need to be able to analyze and interpret, reason and model, and to use a variety of problem solving strategies. Our learning standards offer a connected structure to build fluency through conceptual understanding and to develop mathematical reasoning.
