Vince Flynn has gone too far! At least that's what the Dept of Energy thinks. The Department of Energy keeps track of our nuclear weapons. Memorial Day was too exacting in it's details that the agency put the book on "security review" because they suspected that maybe Flynn's sources may have told him some classified information.

Vince Flynn - Wikipedia

Although I had heard of Vince Flynn's series of novels featuring Mitch Rapp, *MEMORIAL DAY* is the first one I decided to take for a test run. What I found what an action-packed thriller set at a blistering pace and a main character that may not stay inside the box that the government would like for him to, but you like him anyway.
